The following list is provided as guidance to participants and is not all inclusive.

- Know emergency procedures such as the location of the nearest emergency facility and how to quickly summon the police or an ambulance
- Conduct at least one safety orientation session during each calendar year.
- Provide appropriate and adequate adult supervision when youth groups are involved in litter pickups, that is one adult per five (5) participants below the age of 17.
- Where deemed appropriate, the group will contact/inform the local police department in the town where the cleanup is to be performed as to the dates, times and location of cleanup activities.
- Bring a First Aid Kit.
- Perform cleanup activities when weather is conducive and during daylight hours.
- Avoid peak traffic hours and extreme inclement weather conditions.
- Carpool to the litter pickup site.
- Park vehicles a safe distance from the traveled roadway.
- Install "litter patrol ahead" sign and/or traffic cones (if provided) before you start your cleanup activity.
- All vehicles should remain on the same side of the road as the participants.
- Wear the recommended attire: long sleeves, blue-jeans or long pants, leather shoes or boots, and gloves and SAFETY VESTS.

- Notify Group Leader of all known allergies and any physical infirmities prior to participation.
- Be careful of contact with poison plants, bees, wasps, hornets, fire ants, and snakes. The recommended attire will usually prevent irritations from most plants.
- Tuck pant legs into socks, and your shirt into your pants to prevent tick exposure. Check your head and body thoroughly when you return home.
- Pay special attention to the handling of broken glass and sharp pieces of metal. Participants must be careful not to step or kneel on broken glass or metal.
- Be aware of visibility problems.
- Be prepared for any unexpected behavior of motorists.
